

VII. SOCIAL WELFARE

58 Day Care Centers are located all over the municipality catering to the early education needs of children 3 to 5 years old. Although established to watch over the children especially for working mothers, it has also instructional functions, providing pre-school services to the children.

For a number of children with disabilities, there is one Stimulation Intervention Management Education Care (SIMEC) Center, which offers therapeutic management.

There is a prevalence of School Delinquency, Out-of-School youth, Persons with Disabilities and people needing financial assistance for health or livelihood purposes. As such the local Social Welfare Office provides an assortment of services: counseling, casework, and technical assistance to the target clientele. Other services required by the needy are coordinated with partner public and private agencies.
